

27th December 2024

USD CIVIL ENGINEERING MATERIALS PRICE INDEX NOVEMBER 2024 (JAN 2023=100)

USD Civil Engineering Material Price Index

The USD Civil Engineering Material Price Index (CEMPI) was **96.14** in November 2024 and **95.61** in October 2024.

Month-on-month Rate of Change

The month-on-month rate of change for the USD Civil Engineering Material Price Index (CEMPI) was 0.6 percent in November 2024, gaining 0.7 percentage points on the October 2024 rate of **-0.1** percent.

This means that prices as measured by the all-items USD Civil Engineering Material Price Index (CEMPI), increased at an average of 0.6 percent from October 2024 to November 2024.

The month-on-month rate of change is given by the percentage change in the index of the reference month of the current year compared with the index of the previous month.

The product that contributed to the increase of the index in October 2024 was deformed steel, shutter boards, bricks, diesel and asbestos pipes. The products that did not contribute significantly to the increase or decrease of the month-on-month rate of change were concrete pipes and joint compound. The products that contributed to the decrease of the index were crushed stone and cement.

Year-on-Year Rate of Change

The year-on-year rate of change for the USD Civil Engineering Material Price Index (CEMPI) was **-2.1** percent in November 2024.

This means that prices as measured by the all-items USD Civil Engineering Material Price Index (CEMPI), decreased at an average of **2.1** percent between November 2023 to November 2024.

The year-on-year rate of change is given by the percentage change in the index of the reference month of the current year compared with the index of the same month in the previous year.

Methodology

The USD Civil Engineering Material Price Index (CEMPI) is obtained by measuring price changes of goods in USD.
