

25th October 2024

WEIGHTED CIVIL ENGINEERING MATERIALS PRICE INDEX SEPTEMBER 2024 (APRIL=100)

Weighted Civil Engineering Material Price Index

The Weighted Civil Engineering Material Price Index (CEMPI) was **105.00** in September 2024 and **102.19** in August 2024.

Month-on-month Rate of Change

The month-on-month rate of change for the Weighted Civil Engineering Material Price Index (CEMPI) was **2.8** percent in September 2024, gaining 2.7 percentage points on the August 2024 rate of **0.1** percent.

This means that prices as measured by the all-items Weighted Civil Engineering Material Price Index (CEMPI), increased at an average of 2.8 percent between August 2024 to September 2024.

The month-on-month rate of change is given by the percentage change in the index of the reference month of the current year compared with the index of the previous month.

The products that contributed to the increase in the index in September 2024 were diesel, Deformed Steel and asbestos. The products that did not contribute significantly to the increase or decrease of the month-on-month rate of change were crushed stones and water stops.

Methodology

The Weighted Civil Engineering Material Price Index (CEMPI) is obtained by measuring combined price changes of goods in both the USD and ZWG aggregated geometrically.
